KATUN®

SUCCESS MADE SIMPLE.

Arivia™ Product Line

A3 MULTIFUNCTION PRINTERS

In a world that's increasingly complex, Katun is changing the way we do business to bring our clients simplification. We have been a trusted partner providing high-performing parts and supplies for more than 45 years. Now, we are applying our expertise to bring you imaging technology that will help you transform your workplace. Katun's new Arivia line of products redefines the standard for multifunction printers (MFP) by combining advanced functionality, user-friendly design, and robust security tailored for today's dynamic workplace. With exceptional reliability and performance, Arivia MFPs support your business and enhance your output day in, day out.

SUCCESS MADE SIMPLE.

At Katun, we consider sustainability across all aspects of our business. Our new Arivia line is designed with green, energy-efficient technologies that reduce power consumption while never compromising quality.

SIMPLIFY
YOUR BUSINESS WITH KATUN

Unlock the potential of your workplace with Arivia MFPs uniquely designed to streamline your operations and maximize productivity. Our machines are tailored to meet the evolving demands of your workplace, offering seamless integration of digital technologies into your everyday processes, increasing efficiency and reducing costs.

YOUR DIGITAL TRANSFORMATION PARTNER

The Arivia MFPs are designed to optimize efficiency, enhance security, and promote eco-friendly practices throughout your organization. Kickstart your digital transformation with Arivia's cutting-edge features:

- **Remote management capabilities –** Save time with remote diagnostics, firmware updates, and meter readings. Proactively manage your machines from anywhere, anytime, ensuring peak performance and minimal disruptions.

- **Efficient scanning workflow –** Effortlessly convert hard copies to digital data with our advanced scanning workflow solutions. Simplify document archiving and retrieval, reducing reliance on paper and boosting organizational efficiency and sustainability.

- **Wireless printing -** Enjoy the flexibility of printing wirelessly from your smartphone, tablet or laptop. Wi-Fi Direct print also allows you to print wirelessly without requiring network access. (Optional feature)

- **Streamlined document management -** Integrate seamlessly with leading third-party Enterprise Content Management (ECM) and document management systems. Organize, store, and access documents with ease, fostering collaboration and efficiency.

RELIABILITY AND COST SAVINGS

Our products are designed to save you time and money through efficient resource management and extended product life cycles. The Arivia product line requires minimal preventive maintenance and uses long-life drums and rollers.

HIGH PERFORMANCE
MONOCHROME PRINTERS

Arivia M2125, M2130, M3135 (25/30/35 PPM)

- Katun's compact yet powerful portfolio of black and white MFPs have been designed to enhance productivity in small and mid-size offices.

- Our machines combine a compact footprint with a comprehensive range of features to effectively streamline workflows.

- These models feature a user-focused design that prioritizes ease of use alongside robust security and networking capabilities.

- Our MFPs seamlessly integrate into any workspace environment, ensuring smooth operation and peace of mind.

- These models achieve print speeds of up to 35 ppm and scan speeds of up to 80 ppm, catering to fast-paced office environments.

- Choose from a wide range of input and finishing options to meet your specific document management needs.

Arivia M3145 & M4155 (45/55 PPM)

- Katun's black and white MFP offerings for large workgroups feature a modern, intuitive design and smart details tailored for today's user and workspace needs.

- These devices are equipped with modern security and networking features.

- These models achieve print speeds of up to 55 ppm and scan speeds of up to 160 ppm, ensuring rapid document processing in demanding environments.

- Our MFPs offer the flexibility to seamlessly scale into any work environment, adapting to dynamic business needs.

Arivia C2125, C2130 (25/30PPM)

- The C2125 and C2130 Arivia color MFPs are designed for small and mid-size offices and can support any office environment, offering industry leading technology and versatility.

- These devices feature robust, top-of-the-line security and networking capabilities, supporting today's workplace needs.

- This line achieves print speeds of up to 30 ppm and scan speeds of up to 80 ppm.

- Our MFPs provide a full range of input and finishing options, catering to diverse document management needs.

SIMPLY
BRILLIANT COLOR PRINTING

Arivia C3135, C3145, C4155, C4165 (35/45/55/65PPM)

- Katun's portfolio of Arivia color MFPs for large workgroups are equipped with state-of-the-art technology to empower your business and produce high quality color output.

- Designed for seamless integration into any office environment, these devices offer modern security features, an intuitive user interface, and innovative workflow support.

- This family of MFPs are reliable and efficient with advanced solutions and security features that safeguard your data and streamline workflows.

- These devices achieve print speeds of up to 65 ppm and scan speeds of up to 270 ppm.

- Our MFPs incorporate a wide range of input and finishing options, ensuring they can meet the demands of any business environment.

EMPOWER
YOUR BUSINESS WITH KATUN

INTUITIVE DESIGN

- Katun machines are designed with your convenience in mind, featuring a large modern touch screen interface for effortless operation.

- Stay connected with advanced networking capabilities that offer flexibility for users and workspaces. Whether you're in the office or on the go, our machines ensure reliable connectivity from anywhere, anytime.

- Easily integrate our machines into the most popular third-party Managed Print Services (MPS) solutions. Streamline your workflow and maximize efficiency with seamless connectivity and device management.

ADVANCED SECURITY SOLUTIONS

Our state-of-the-art security features are meticulously designed to safeguard your data and networks. Robust security and authentication options ensure maximum user access control while preventing unauthorized entry. Users benefit from enhanced encryption protocols, including the TPM 2.0 chip, to fortify data security. Anti-tampering features provide additional layers of protection, ensuring your information remains secure against threats.

COMMITMENT TO SUSTAINABILITY

At Katun, sustainability is a priority. From Energy Star compliance to super low-melt toner and the use of recycled plastic in our machine exteriors, our devices are designed to minimize environmental impact without sacrificing performance.

- Our advanced auto-on feature available on select machines, detects approaching users to minimize start-up time. Unlike some MFPs that require power on or standby mode, Arivia activates automatically when needed, ensuring immediate readiness.

- Our machines reduce energy consumption with smart power routing, which optimizes power usage by activating only necessary components.

- Arivia MFPs have customizable settings and features designed to track your paper usage, reduce waste and contribute to your sustainability goals.

CUTTING-EDGE PAPER HANDLING TECHNOLOGY

Arivia machines feature a standard state-of-the-art single-pass DADF (Dual Automatic Document Feeder) with scanning speeds up to 270 IPM (Images per Minute) and a standard input capacity of 3200 sheets. Choose from a wide portfolio of input and finishing options to fulfill your creative ambitions. Whether you require Z-Folding capabilities or a Booklet Maker, our machines provide the versatility and functionality to enhance your document workflow and presentation.

UNMATCHED SERVICEABILITY FOR SEAMLESS OPERATIONS

Our machines are intelligently designed for reliability, minimizing both the frequency and duration of service calls. They seamlessly align with existing third-party software solutions, providing flexibility without the need for proprietary software. We offer a consolidated line of supplies and accessories that optimize service needs and reduce inventory costs for dealers. This approach ensures efficient operations and maximizes support capabilities.

**Print It
Plant It
KATUN®**

ACHIEVE
YOUR SUSTAINABILITY GOALS
WITH **PRINT IT, PLANT IT**

Katun's Print It, Plant It Program offers an opportunity to support global reforestation efforts when you purchase an Arivia multifunction printer and enable print monitoring through an authorized Arivia dealer. In partnership with PrintReleaf ™ a tree will be planted for every 8,333 pages printed, in a certified reforestation project worldwide, helping to offset the environmental impact of your printing. Participation in this program is optional. To confirm your dealer's participation and enroll in the program, please contact your authorized Arivia dealer.

Arivia

A3 MULTIFUNCTION PRINTERS

Katun's Arivia line of products sets a new benchmark for MFPs by combining advanced features, intuitive design, and robust security measures crafted for today's dynamic workplaces. With outstanding reliability and performance, Arivia is your simplified solution for success.
